

### Herbicide Ingredients Restricted for Vegetative Maintenance Use as Classified by the Municipality of Skagway

Active Ingredient Name	Likely to be a Carcinogenic to Humans (U.S. EPA)	Category 1 Endocrine Disruptor (EU)	Class 9 Pesticide (Ontario, Canada Ministry of Environment)	Neonicotinoids	Persistent herbicide (US Composting Council)
2,4-D			X		
2,4-dichlorophenoxybutyric acid (2,4-DB)		X			
4-CPA			X		
Acetamiprid			X	X	
Acetochlor		X			
Acifluorfen sodium	X				
Alachlor	X	X			
Aminopyralid			X		X
Amitrole		X	X		
Atrazine (plus related active triazines)		X	X		
Bensulide			X		
Bentazon			X		
Bispyribac-sodium			X		
Bromacil			X		
Butachlor	X				
Carfentrazone-ethyl			X		
Chlorsulfuron			X		
Chlorthal			X		
Clopyralid			X		X
Clothianidin				X	
Cocamide Diethanolamine	X				
Dazomet			X		
Dicamba			X		
Dichlobenil			X		
Dichlorprop			X		
Dichlorprop-p isomer			X		
Diclofop-methyl	X				
Dinotefuran				X	
Diquat			X		
Dithiopyr			X		
Diuron	X		X		
Fenoxaprop-p-ethyl (isomer)			X		

This list includes herbicides and neonicotinoids only.

### Herbicide Ingredients Restricted for Vegetative Maintenance Use as Classified by the Municipality of Skagway

Active Ingredient Name	Likely to be a Carcinogenic to Humans (U.S. EPA)	Category 1 Endocrine Disruptor (EU)	Class 9 Pesticide (Ontario, Canada Ministry of Environment)	Neonicotinoids	Persistent herbicide (US Composting Council)
Flumioxazin			X		
Fluroxypyr 1-methylheptyl ester			X		X
Fluthiacet methyl	X				
Fosamine ammonium			X		
Furiazole (MON 13900)	X				
Glufosinate ammonium			X		
Glyphosate			X		
Hexavalent Chromium (CrVI)	X				
Hexazinone			X		
Hydrogen cyanamide	X				
Imazapyr			X		
Imidacloprid			X	X	
Isopropylamine salt of glyphosate			X		
Isoxaflutole	X				
Lactofen	X				
Linuron		X			
Maleic hydrazide			X		
MCPA			X		
Mecoprop (D-isomer)			X		
Mesotrione			X		
Metam			X		
Metam Sodium	X	X			
Metribuzin		X			
MON 4660	X				
Napropamide			X		
Nitenpyram				X	
Oryzalin	X				
Oxadiazon	X				
Oxyfluorfen	X				
Paraquat			X		
Picloram		X			X
Propachlor	X				

This list includes herbicides and neonicotinoids only.

**Herbicide Ingredients Restricted for Vegetative Maintenance Use as Classified by the Municipality of Skagway**

Active Ingredient Name	Likely to be a Carcinogenic to Humans (U.S. EPA)	Category 1 Endocrine Disruptor (EU)	Class 9 Pesticide (Ontario, Canada Ministry of Environment)	Neonicotinoids	Persistent herbicide (US Composting Council)
Propyzamide			X		
Pyraflufen ethyl	X				
S-Metolachlor			X		
Simazine (related active triazines)			X		
Terbutryn		X			
Thiacloprid	X			X	
Thiamethoxam	X			X	
Tribufos	X				
Triclopyr			X		X
Trifluralin		X	X		
Trinexapac-ethyl			X
