FLOWER BOX: SMC 19.12.070(F) – Flowers may be put in boxes constructed of dimensional lumber or traditional unadorned clay pots. Hanging flower baskets may be of wire or wood. The number should be limited to be of minimum impact during crowded sidewalk conditions. Flower boxes are preferred to be square or rectangular shaped, 10” to 15” high and project less than 10”. Boxes and pots should be placed against the building and be kept in good repair. Flower baskets need to hang so they do not impinge on the sidewalks. They should be no more than 12” in diameter not including flowers. Flower containers made of plywood, plastic, molded paper or concrete are not allowed. Plastic or silk flowers or plants are not allowed.
