[ATTENTION: This Email was received from outside the Municipality]

Council and Mayor,

This is a quick note to say that I am support of 22-18R creating a community garden on MOS property at the Jewell Garden location.

Charolett was a great friend of mine and I believe that this use of that land is proper and in keeping with her vision of a large community garden for the citizens of Skagway to use and enjoy. I appreciate the efforts and hard work that Laura and others have done to promote gardening and the production of fresh food this community and I see the new location at Jewell Gardens as a big win for Skagway and a great way to forward Charolett's legacy. I still do not enjoy Brussel sprouts or kale but that is not is not important to this discussion.
