Re: Dahl Memorial Clinic Board Report

Honorable Mayor Cremata and Assembly,

### **Board training**

The Board has completed its third training session with COORS, all of which have been informative and beneficial. We would like to thank the Assembly for making this training opportunity available to us.

### **Steiner contract continuation:**

At our meeting on October 27, the Board approved the contract extension with Thomas Steiner without objection.

The Board requests that the Assembly consider approval of this extension.

Sincerely,  
jeremy simmons  
DMC Board President
