RE: Work on Wave Barrier

Dear Mr. Ryan

Per our conversation this morning concerning the removal, transport and off load of the material from the east end of the wave barrier to the north Ore Terminal concrete area. Hamilton Construction, LLC (HCL) will remove and relocate the navigational light on the cap, supply and install an 18" navigation pile, reinstall MOS provided bushing and pin and maintain W-36 Cap to the BC-10 Batter Pile.

HCL can complete the work for the amount of Thirty-Six Thousand Four Hundred dollars and 00/100, (\$36,400.00). I appreciate the opportunity to provide the Municipality of Skagway with this proposal, please contact me with any questions or to discuss the project further.

Sincerely,

Jeff Hamilton
