SUBJECT:	Ore Dock Transformers Quote

Four transformers are needed for the Ore Dock, for operation of the docks and upland facilities.

KPFF estimates that four units, including cost variables, would be approximately \$250,000. They are waiting for a solid quote from AP&T, but it may not be received before the Assembly meeting.

Due to the need to turn this purchase around quickly, I would like to request that the Assembly consider the following motion:

“To approve the purchase of four transformers for the Ore Dock, in an amount not to exceed \$250,000.”
