Single Source or Non-Competitive Evidence Guide

- Single source requests must be submitted with written evidence to support the request. (SMC 4.05.060 (A.3))
- Examples of subject matter experts as used below could be a program manager/director, division director, IT manager, or other high-level support staff for the program/project.
- Evidence requirements can and will vary from request to request and the below is not intended to be an all-inclusive list.

Proprietary Product or Service Least Complex

- Written testimony from the Program Manager and/or subject matter expert(s) clearly describing:
 - o Their name, title, and experience with the program and why this qualifies him/her to speak authoritatively on the matter.
 - Why the product or service is needed.
 - Why the proprietary product or service is the only one that will work for the program.
 - Quantified potential time and/or cost impacts if the product or service were not purchased, like:
 - Costs to transition to another product that outweigh any potential savings.
 - Investments made in the current product – training, specialized equipment, etc. – that would be lost.
 - Voiding existing equipment warranties or maintenance agreements.
 - Lack of compatibility.
 - Why using a competitive process is not practical.
- Written testimony from the vendor clearly describing:
 - o They are the only source of the proprietary product or service.
 - They do not offer their product or service through dealers or resellers or, if they do, that the pricing through a dealer or reseller would be the same or higher.
- Any documentation and/or records that support an existing agency standard.
- Copies of any previously approved documents directly related to the project.

Unique Skill/Knowledge

- Documented research that demonstrates why it's not practical to compete the services. Web search results are often used.
- Online or newspaper posting stating the intent to award a single source contract, describing the services, and seeking additional vendors and results.
- Written testimony from the Program Manager and/or subject matter expert(s) clearly describing:
 - Their name, title, and experience with the program and why this qualifies him/her to speak authoritatively on the matter.
 - Why the selected vendor's unique skills and/or knowledge is the best for the program.
 - Quantified potential time and/or cost impacts if a different vendor were selected, like:
 - Impacts to data/research already performed.
 - Taking longer to perform the work.
 - Needing X number of hours to come up to the same level of expertise as the requested vendor, costing the state Y amount more.
 - Why using a competitive process is not practical.
- Written testimony from the vendor clearly describing their unique skill or knowledge and how they came to possess it. (Resume, CV, references, sample work, etc.)
- Written testimony from other vendors or third parties describing their inability to provide the same unique skill or knowledge and/or supporting the requested vendor.
- Copies of any previously approved documents directly related to the project.
