

Manager's Update – May 4, 2023

White Pass Rail Spur / Operations Easement: At its meeting of April 20, the Assembly approved the rail spur easement for White Pass. Included in the easement document was the following language under section 2B:

Use. The Easement is limited to use for the purpose of construction, maintenance, repair, and replacement of railroad spurs and engaging in railroad operations, which includes loading, unloading, and transporting passengers to and from the Broadway Dock and Ore Dock areas, and **direct railroad ticket sales**. The Grantee shall not construct structures in the easement from which to conduct railroad ticket sales, or use the Easement for any other purpose, including tour sales unrelated to direct railroad operations, without written consent of the Municipality, which consent shall not be unreasonably withheld or delayed.

It has been brought to our attention that in the Waterfront zoning district ([SMC 19.06.080](#)), “water-dependent or related visitor industry services (not retail)” is a use that must be conditionally permitted. This means that despite the easement’s allowance for ticket sales in the easement, a conditional use permit is needed in order for the sales to be legally conducted. This was an oversight on our part. The easement document remains unsigned, and in the meantime, I have issued a Temporary Use Permit to White Pass for railroad operations on the waterfront, which expires on May 20, 2023.

To rectify this issue, White Pass must either apply for and be granted a conditional use permit or refrain from ticket sales in the easement. In order to apply for a conditional use permit, the Municipality of Skagway must sign off on the application as the landowner. As you know, the Assembly sits as the Board of Appeals for decisions of the planning commission, so the issue becomes somewhat complicated.

We have some concerns about allowing sales to be conducted on municipal property. All tour companies are required to sell tour tickets through the municipal tour broker, and allowing White Pass to do so independently on the waterfront will set a precedent for granting these permits to any business that applies. The decision falls back on the Assembly about whether or not it will maintain its policy of selling only through the tour broker, which was determined in the past to be the solution to the “shark pit” issues experienced on the waterfront in years past.

Also, the borough attorney suggests clarifying language in the easement related to White Pass’ ownership of the rail spurs, as discussed by the Assembly at its last meeting, and as to the defend and indemnification provision.

Staff requests that the Assembly discuss this at the end of the meeting regarding direction on this issue.

Port Director’s Update: Port Director Cody Jennings will give a verbal report about the updated 2023 cruise ship schedule, attached to this update.

Library Director's Update:

The summer season has officially begun at the library, as the number of visitors and registrations continue to climb. We just wrapped up a successful Spring Sale and are turning our attentions to the summer, particularly the Summer Reading Program. This program will consist of three different parts aimed at three different age groups: Wednesday morning story time for 0-5 year olds, Thursday morning activities for 6-12 year olds, and Friday night teen nights for 10-18 year olds. These will begin on May 24th.

In longer term planning, we are pleased to announce that the library's application to American Library Association's Libraries Transforming Communities (LTC): Accessible Small and Rural Communities grant was successful! We just received news that we have been awarded the \$20,000 grant. Our application specified that this grant would be used to install an automated accessible door at the front entrance to the library, the planning of which we hope can commence if the Assembly approves the acceptance of this grant.

Clinic Interim Executive Director's Update:

We wish to encourage everyone to review information from (1) Skagway Fire Department Ambulance Subscription, (2) Airlift Northwest Medevac Insurance, and (3) Guardian Flight Medevac Insurance to see if this type of service would be beneficial to your health transportation needs. Please feel free to contact them directly or Dahl Memorial Clinic has a hyperlink to each on our website.

Brittany Chambers, NP, is returning to Dahl Memorial Clinic for those patients who wish to schedule an appointment with her.
