RE: Consideration of Drafting an RFP for High Density Housing at Old Clinic Site to Include Senior Housing

My concept for this Request for Proposals at the Old Clinic Site would include:

- 1) High Density Housing that includes Senior housing units
- 2) MOS to contribute the 3 lots of the Old Clinic Site (Block 73, lots 10, 11 and 12) to a housing trust via 100-year lease or similar concept.

Thank you to Mayor Bass for including this agenda item on the February 15th meeting and to the Assembly and community for consideration.
