PUBLIC NOTICE

Haines COVID-19 positive case: State Public Health has made contact with all close contacts of the Haines COVID-19 positive patient. At this time they are not concerned about others who traveled between Haines and Skagway last week. If you have not been contacted by Public Health by now, you were likely not considered a close contact. (Close contact means being within 6 feet of a COVID-19 positive person for more than 10 minutes.) But if you are concerned that you were exposed or if you exhibit any cold, flu, or COVID-19 symptoms please call the clinic and speak with a provider.

State Mandate 10: Per recent state guidance, if you have travel declaration forms or test results to submit to the state per State of Alaska Mandate 10, you can give them to clinic staff to fax to the state. Otherwise you can fax them to the state yourself to (907) 269-7952.

If you have questions about the state's Mandate 10, visit <https://covid19.alaska.gov/travelers>, call (907) 269-7450, or email covidquestions@alaska.gov.

In light of exposure concerns, remember that taking recommended precautions reduces your risk of exposure. Remember to practice social distancing, wear a mask, wash your hands often, use hand sanitizer in between handwashing, and keep your social circle small. Open does not mean over. Please be cautious. Expect guidance and guidelines to change. This is a new experience for all of us so we must leave room to adapt as we learn and are given new information.

Este Fielding
Clinic Director
