### **Public Notice**

Because of the surge in coronavirus cases in Alaska, the clinic recently received state approval to expand rapid testing to all travelers. If you traveled outside of Skagway to an Alaskan community with a known active case of COVID-19 we recommend you test for COVID-19 once you return to Skagway. We also recommend a second test 7 to 14 days after the first result. Patients should minimize interaction per state guidelines until results of the second test are received. Out of state travel still falls under State Travel Mandate 10. See [www.covid19.alaska.gov/travelers/](http://www.covid19.alaska.gov/travelers/) for details.

COVID-19 testing at the clinic is done during business hours by appointment only. Please call the clinic at (907) 983-2255 to make an appointment. There may be a delay in scheduling a visit or in receiving your results due to high traffic and patient schedules. Please be patient.
