Dahl Memorial Clinic and Jared Erickson, DMD are able to provide dental services to children living in Skagway at NO out-of-pocket expense to the family. When a child receives dental treatment at the clinic, Dr. Erickson will first bill any available insurance. After insurance payments and adjustments are applied, remaining balances for the patient will be paid through a federal grant by Dahl Clinic, as long as funding is available. Funding will renew with each new grant year.

**Children’s Balances Not Otherwise Covered are FREE**

**Who Qualifies?**
- Children 17 years of age or younger
- Must currently reside in Skagway
- Registration must be completed prior to service

**What’s Covered?**
