Subject: [External Email] Emergency funding

Dear Finance Committee and officials,

My is name Kalsoom Bibi Jutt. I am a current resident of Skagway, Alaska.

I would like to request that there should be certain changes made to Resolution 20-22R.

The requirement of individuals having an eligible status for the 2020 PFD should be removed. I know several community members who are year-round residents of Skagway, but they have never applied for the Alaska PFD. If someone has not taken advantage of the PFD program in Alaska, that should not disqualify them from receiving assistance from the Cares Act. Every resident that is currently in Skagway, Alaska should receive help. Checks should not be mailed, it should be picked up at the city hall.

Thank you

Kalsoom B Jutt
